**KING OF FRUITS:** Shining red apples hanging in the orchards of southwestern Michigan's fruit belt awaiting the harvester's hand seem to epitomize the bright, crisp atmosphere of fall season. Like utilitarian jewels, they can be eaten now, stored for those winter nights, turned into pie, pressed

into sweet cider, converted to vinegar, or cooked to sauce. A bowlful can even decorate a room, like a bouquet of flowers. These Jonathans were soaking up sunlight in the John Sedon orchard near Sodus when Chief Staff Photographer Charles Zindler copied their beauty on film.

## GROVER MORSE Elderly Ex-Grocer Strangled In Cass

CASSOPOLIS — The normal tranquility of the Village of Cassopolis has been shattered by the murder of 82-year-old Grover Morse, well known as the operator of a grocery delivery business at Cassopolis. The elderly man was beaten and strangled to death.

Police say robbery may have been the motive for the murder because Morse was rumored to have kept large sums of money at his home.

The murder investigation is being headed by Cassopolis village police with the help of the Cass county sheriff's department. The Michigan state police mobile crime lab was on the scene this morning checking for clues. Police have roped off the area around the murdered man's home at First and Darwin streets.

The victim's body was discovered in his home about 6 p.m. Friday by his granddaughter, Mrs. Edward Norley, who resides at nearby Diamond lake, according to police.

### Dengler Weds

RENO, Nev. (AP) — Navy Lt. J.G. Dieter Dengler, the American pilot who escaped from a Communist prison camp in Laos, married pretty blonde Marina Adamich in a civil ceremony in Reno Friday night.

Holly's B. H. Grill closed for minor remodeling. Oct. 10-13. ADV.

## Kimmerly Eyes LMC Board Job

### Files Petition For 7th Seat

Dean Kimmerly of Stevensville has filed a petition seeking election to the Lake Michigan college board of trustees.

If only the two incumbents up for election file petitions, Kimmerly will be elected unopposed as the seventh member on the LMC board.

The Michigan legislature last year raised the membership on community college boards to an uneven number, from six to seven members. It may have been prompted to do so by a 3-3 deadlock on the LMC board that stalled for several months the selection of the site for a new college campus.

Kimmerly, 33, is personnel manager at the Gast Manufacturing company in Benton township. He resides at 535 Clearwood drive in Stevensville.

**REPRESENT INDUSTRY**  
Kimmerly said his election to the LMC board would help round out the representation of the county's businesses and professions. He would represent

DEAN KIMMERLY  
Seeks College Post

the industrial community, which he said employs 60 per cent of the workers in the county.

There is now a medical doctor, a dentist, an attorney, a banker, a school teacher, and a farmer on the college board.

Expected to seek re-election in the November election are LMC trustees Mrs. Emily Foster of Niles and Dr. Bernard Radde of St. Joseph. The filing deadline is Monday.

A lifetime resident of the Twin Cities, Kimmerly graduated from St. Joseph high school in 1951. He graduated from the Benton Harbor Junior

## Industrial Expansion Continues

### Two Firms In South Haven Are Building

By JIM DONAHUE  
South Haven Bureau

**SOUTH HAVEN** — Expansion programs for two South Haven industries were announced here yesterday.

Donald Cunningham, general manager for Michigan Blueberry Equipment Co., said his firm plans to build a new factory on a two and one-half acre plot in the city industrial park and to expand operations by the end of the year.

A \$50,000 expansion program was also announced by Du-Wel Metal Products Co. of Bangor, at its South Haven division. The south Haven plant carries the name of Robinson Metal Products Corp. and is managed by Walter Roberge, Jr., of South Haven.

Construction has already started on the Robinson addition which will add 7,200 square feet to the plant. This addition will double the actual manufacturing area, according to Roberge.

Besides additional manufacturing space, washroom facilities and an employees lunch room will be added Roberge said.

**READY IN DECEMBER**  
It was estimated that construction will be completed by Dec. 1. The building contract has been awarded to Olson Bros. Construction Co., of South Haven.

When Du-Wel Metal Products purchased the firm in May of this year there were approximately 20 persons employed. This total has been continually increased and at the present time approximately 80 employees are working at the plant, Roberge said.

He indicated that employment will continue to increase after construction is completed and should reach in the neighborhood of 100 persons by the end of the year.

Michigan Blueberry Equipment Co., which has been located on the corner of Blue Star Memorial highway and M-140 since it began operation here seven years ago, will be erecting an 11,200 square foot building this fall, Cunningham said.

The structure will face Kalamazoo street and will be located just south of the Robinson Metal plant.

Cunningham said construction will begin "as rapidly as we can get finished on details" and added that plant officials hoped to be moved into the new building by the end of the year.

**MORE DEMAND**  
Cunningham said the expansion

**TOT FOUND:** Tommy Taner Jr., 4-year-old son of Mr. and Mrs. Tom Taner, Coloma-Riverside road, Coloma, was returned safely Friday afternoon after he wandered away while his parents were working in field near home. Tommy, afflicted with a vision impairment, was located in an orchard a mile away by Coloma police and Berrien sheriff's officers with tracking dog. Child was missing nearly four hours. (Staff photo)

## Synagogue Wins \$25,000 Judgment

### Ruling In Building Pledge Dispute Being Appealed

Berrien Circuit Judge Philip A. Hadsell granted a \$25,000 judgment Friday to Congregation B'nai Shalom, in a dispute over pledges for construction of the congregation's new \$300,000 synagogue.

The award, plus five per cent interest from June 30, 1964, was granted against Morris Martin, one of four defendants in the original suit. Defense Attorney Pat Parish said this morning he has already filed an appeal in the case.

Judge Hadsell also filed an order granting Martin authority to institute third party action against two other defendants, Jack and Irving Martin, but Parish indicated no such action is planned. The appeal, he said, will be strictly on the basis of the total judgment.

**1962 SUIT**  
The suit was filed Dec. 20, 1962, after a construction pledge in names of the Martins and Mrs. Bessie Martin Steinberg was withdrawn. Morris Martin had been chairman of a committee assigned to plan the synagogue and allegedly handed in pledge cards for all defendants. He later resigned from the committee after an alleged dispute over planning and the pledge was withdrawn.

The synagogue was built at 2050 Broadway, Fairplain. In April, Judge Hadsell issued an opinion indicating he felt the synagogue was entitled

## Roll Call, Expenses Criticized

### Mattheussen Says It's Case Of Mudslinging

Incumbent State Rep. Floyd J. Mattheussen charged today that his opponent, Lionel J. Stacey, has resorted to mudslinging in the campaign for the 44th district legislative seat.

Stacey said he was only using documentary evidence in attacking Mattheussen's travel expenses and absenteeism from legislative sessions.

Stacey had charged Thursday that Mattheussen has missed 50 days of legislative sessions, failed to vote on 335 issues and was tardy 71 times.

Today, Stacey produced photostatic copies of a voucher and check that showed Mattheussen had been paid on a scale of 165 miles for trips between his home in Benton township and Lansing. Stacey noted that Don Pears who lives farther away in Buchanan was paid for 124 miles.

### CLASHED THURSDAY

Democrat Mattheussen and Republican Stacey had clashed Thursday at a Clark Equipment Management club dinner in the St. Joseph Elks club. They addressed the club along with GOP State Sen. Charles Zollar and his opponent Democrat Paul Clark.

"I don't know where they got the figures on absenteeism," said Mattheussen today. "I checked with the office of the Speaker of the House and they said it was an election tactic that others are using."

Mattheussen said he thoroughly researched every legislative session. He accused Republican legislators of walking out of a crucial hearing on meat inspection that produced a law against "dishonest preparation of meat" that recently led to arrests. He said the Republicans left just to make the roll call.

Mattheussen said one of his absences was a trip to Washington to obtain \$1,250,000 for agricultural research.

Mattheussen explained the mileage of 165 was a railroad mileage figure that appeared on a form he received from the clerk of the House before taking office. Mattheussen said he filled in the highway mileage as 125 and returned the statement after checking the proper procedure with David Upton, then a Republican legislator.

"Nobody's giving me something I'm not supposed to have," Mattheussen said. "I travel about 1,000 miles a month between home and Lansing."

(See back page, sec. 1, col. 8)

## Some Tours Of Duty Will Be Extended

SAIGON, South Viet Nam (AP) — The U. S. military command announced plans today to extend the tours of duty in Viet Nam for selected officers. It emphasized the new procedure would not apply to enlisted men.

Normal tours of duty in Viet Nam now are one year. The new program will increase this to 18 months for a carefully chosen group of officers in some cases and to 24 months in others.

(See back page, sec. 1, col. 8)

## Refurbishing Congress

If there is a difference between "streamlining" Congress and "overhauling" it, the difference must be largely a matter of semantics. Individual members of that body rebel at the mere suggestion they should streamline some of their procedures, interpreting this choice of words as a condemnation of past practices.

"Overhauling" sounds more like a periodic maintenance procedure providing renewed vigor after it has been accomplished. Whatever the real or imaginary difference, a joint Senate-House committee has agreed enthusiastically enough on a set of changes designed to overhaul congressional procedures.

Some of the numerous recommendations produced by the year-long study will be accepted by most members of Congress almost without discussion. Few, for instance, will object to the suggestion that legislators be provided improved research assistance. The proposal that there be limits on the number of major committee assignments given any individual member also should generate little opposition. The average senator in the last Congress served on 19.5 committees, subcommittees or other legislative bodies.

Other recommendations, among them many of the major proposed changes, are certain to be hotly contested. Much of the power of committee chairmen would be curtailed by the proposal that committee members be empowered to call meetings of their body when and if they desire, on a vote of the majority. Only chairmen have that authority now.

Another proposed change certain to face a formidable obstacle course is a five-day week. Among some constituents it may not be widely known that Congress conducts much of its business between Tuesday and Thursday, providing members long weekends for travel to their homes, politicking or just plain relaxation. The committee has suggested the wearisome long sessions could be shortened if the lawmakers put in a more conventional work week.

Maybe so, but Congress wouldn't be the same showplace for tourists if its halls were empty four months of the year.

## Snub for Snub

Now it is the Arabs who are doing the snubbing. Twelve of the 14 Arab-bloc delegations at the United Nations have voted to boycott a dinner dance Mayor Lindsay is giving in honor of chiefs of mission at the General Assembly.

The decision is a response to the New York mayor's cancellation of a dinner last June for King Faisal of Saudi Arabia and it surprised and dismayed Gotham's City Hall.

The mayor canceled the dinner because of references the king had made to Israel and those who support it in this country. This ignored diplomatic amenities and the fact that the king is a useful ally of the United States.

Unfortunately, the Arab boycott of the dinner dance will not end the charade. An Arab spokesman says the snubbing of Mr. Lindsay will continue "unless the circumstances that caused his precedent are changed."

But having made their point, the Arabs ought to remember Lindsay is only mayor of New York, not an architect of U.S. foreign policy.

## Enrolling By Computer

One of the most disturbing features of state colleges and universities to the student entering for the first time is their size and impersonal air. The youngster feels that to officialdom he is only a number.

In some instances this has become literally true. A computer is being used to enroll students at Kansas State. Like all computers, this one can deal only with the information that is fed into it. Some human error crept in this year.

This resulted in some rather funny incidents. Twin sisters found that one of them wasn't enrolled and the other was signed up for all the classwork for both of them. Occasionally the machine put somebody in a class that didn't exist. That sort of thing made the headlines.

But the most distressing facet is that students who enroll by computer have no choice of class time or teacher. What about the working student, who must arrange his schedule to fit his employment?

What about the student who picked K-State because he wanted to work with a certain professor, only to find himself in somebody else's class because the machine relies only on facts, and not on human considerations?

Unless K-State finds ways to surmount such problems, student life among the sunflowers will be a little grim.

## Understanding Youth

Scientists, some leading educators, businessmen and many parents say school is "too easy"—that there are too many ways for youngsters to slide by and that there is not enough challenge for bright pupils. Now come some teenagers who say the same. A high school pupils' publication reports the reaction of American youngsters. The boys and girls say high school is a "snap" because:

There are too many elective courses; too much emphasis on extra-curricular activities; classes are geared to abilities of slow learners; students are given passing grades because schools are too crowded to hold them back; neither parents nor teachers demand enough.

Most interesting, they suggest the need for longer class sessions, more math, science and foreign languages and more stringent grading standards and stiffer college entrance requirements.

## Slight Handicap

Two gentlemen from the Census Bureau have informed the American Sociological Association that the supply and demand situation in the marriage market is getting worse—for the ladies, that is.

Whereas there were 99 marriageable men to 100 marriage-age women in the late 1950s, the ratio has dropped to 93 to 100.

Yet a look at vital statistics from the Public Health Service discloses that the women are snagging more husbands every year. From a 26-year low of 8.4 per 1,000 population in 1958, the nation marriage rate climbed to 9.2 per 1,000 last year.

The number of marriages has grown faster than the population, and the PHS expects it to continue doing so at least until 1970. Obviously the girls aren't letting a mere statistical handicap hold them back.

## Family Matter

Some of the soul-searching that occurred when President Kennedy considered the propriety of naming his brother as attorney general is being repeated.

W. Ramsay Clark, the man most often mentioned as possible successor to Katzenbach, is the son of Supreme Court Justice Tom Clark. In this case, President Johnson's dilemma is compounded by the fact that the Clarks are fellow Texans and personal friends.

Justice Clark graciously said he would resign rather than hinder his son's career. Sacrificial as this might be, it perhaps provides the best way out of what could be a personal embarrassment, as well as a serious legal conflict.

In times of inflation, the customer who argues about prices is a foregone loser.

Honesty is the best policy, but there are always homebreds who are not convinced they can afford the best.

## WHEN WILL HE SEE THE LIGHT?

# THE HERALD-PRESS

### SCHOOL BANDS OFFER SHOW

New Troy and Three Oaks high school marching bands planned to present a combined band show at the Three Oaks-New Troy football game to be played in Three Oaks tonight. Eighty-five band members and twirlers will participate in the show which will salute the consolidation of the two schools into the River Valley school district. Jack Buckler, band director at New Troy, and David Hall, band director at Three Oaks, have been planning the show the past several weeks.

Both said they feel this show is an important step forward toward the consolidation of the two bands next year when the two high schools will be combined in the new River Valley high school now under construction.

### CHORUS WINS CHAMPIONSHIP

Fruit Belt Barbershop chorus

of the Fruit Belt chapter. SPEBSQSA, with 25 twin cities members, won the junior championship Saturday at the annual contest held in Bay City. The chorus sang "Carry Me Back to Old Virginia," and "Old Home Town of Mine," under direction of William Hansen.

Gus Reeves, president of the Fruit Belt chapter, and Warren Gast and Ray Leatz, Michigan district vice president, and Warren Gast and Ray Leatz, Michigan district vice president, were delegates to the convention. The chorus has been singing since the chapter was organized in 1948, taking part in the chapter's annual shows at local hospitals, and other community civic affairs.

### TOKYO ISSUES PEACE FEELER

Domel, in a special article, from Tokyo today urged the Axis powers to terminate the war with Soviet Russia to conserve German resources in

manpower and equipment for an all-out assault on Great Britain. The news agency warned that if the war with Russia is extended over a long period the Axis powers may be faced with a dearth of materials because, it said, they are a union of "have-nots."

Britain and America, on the other hand, the agency declared, may become stronger because they represent a union of "haves." Domel, which has close government connections expressed a fear which has been voiced by other Japanese organs, that Germany will spend her strength in Russia, leaving her ally, Japan, to face alone the hostility of Britain and perhaps the United States.

### KITCHEN SHOWER

Mrs. Viola Binger, Mrs. Mary Shafer, and Mrs. Rose Kagle, all of Baroda, were hostesses at a kitchen shower honoring Miss Adeline Jess of St. Joseph.

## Letters To The Editor . . .

Editor,  
The Herald-Press:

### STEWARDSHIP

Briefly stated, stewardship means to express in our lives what we believe in our hearts, to practice what we preach. It acknowledges God as the sole owner of everything in heaven and earth. "For the earth is the Lord's and the fullness thereof." It makes us accountable to God for all our gifts and possessions in body and in soul (Romans 14, 12).

Stewardship is not a matter of indifference or choice. Refused to practice it is called by Malachi "robbery of God."

It is a grand thing if we are able to make large gifts to God, but He certainly does not despise the smaller amounts. By the way, let us not drop a small coin on the offering plate and say, "I have just given my 'widow's mite'." "She cast in all that she had, even all her living." How many of us can say that we have done as much?

We have the duty to use some of our gifts for our dependents and ourselves. This is part of our stewardship obligation. But what a privilege it is that we may also divide a fair share of our time, our talents, our money to the kingdom of God, who so loved us that He gave His only begotten Son as a ransom for our souls.

Editor,  
The Herald-Press:

TO YOU

To those who never help the needy,  
To those who hate children at play,  
To those who always criticize their neighbors,  
For you indeed I pray!

It's of little use to attend a church on Sunday,  
And then cheat your fellowman all the week,  
Christianity begins in the home, my friend,  
And not just one day of the week.

Look about you for real Christian spirit,  
See some good in each thing each day,  
Try to love every animal and flower,  
And you'll find there's not such a need to pray.

God's hand will be on your shoulder,  
For He sees the good that you do,  
If you accomplish some good each day—  
It will be all returned to you.

Edna Prince,  
Galien.

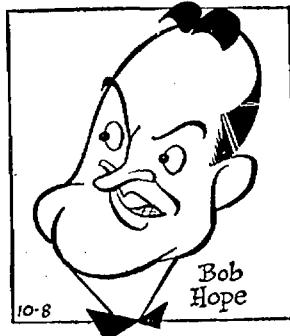

## TRY AND STOP ME

By BENNETT CERF

Bob Hope admits ruefully that he remembers well the first joke he ever told as a professional entertainer. His partner asked "Where do all the bugs go in wintertime?" and Bob answered, "You can search me." Since then he lets others — at least seven highly paid writers per show — supply his material. Hope confides that when he was born, his mother took one look at that ski-nose of his and complained, "That obstetrician must have taken the baby and left the stork!"

A Minnesota doctor named Challman has taken it upon himself to compile a list of Household Poets, and includes therein, reasonably enough, Burns for the kitchen, Lamb for the dining room, Lovelace for the boudoir, Suckling for the nursery, Segar for the smoking room, Dryden for the laundry, and out there in the barn, De la Mare.

On the side, Dr. Challman's rounding up some occupa' poets. Already corralled are Wordsworth for authors, Donne for bill collectors, Pope for the

Catholic clergy, and Longfellow for the basketball crowd.

### OVERHEARD:

Clerk in sports emporium: "You say your wife returns everything, sir? We have the perfect birthday present for her: a hoomearang."

Lady customer in repair shop: "I have two things that need fixing immediately: a crumpled fender and a ticket for speeding."

## speaking of YOUR HEALTH

By Lester L. Coleman, M. D.

It was once considered that gallstones had a special affinity for people who are described as being fair, fat and 40. Unfortunately, for the dark, thin and 30, they too are candidates for diseases of the gall bladder.

The gall bladder is a small sac which lies underneath the liver. It stores the excess bile that is manufactured by the liver.

Bile is very important for digestion of foods, particularly fatty foods. The bile passes from the gall bladder to the small intestine through a tiny tube. Normally, this passageway is unobstructed.

### SIZES VARY

For reasons that are not entirely known, stones of varying sizes and shapes sometimes form in the gall bladder. These stones are composed of a mixture of cholesterol, bile salts, bile pigments and calcium.

Occasionally, a gallstone may become wedged in the small tube or duct that goes to the intestine. It is then that distressing symptoms of "biliary colic" occur. A fatty meal often triggers the onset of an attack. Pain in the upper abdomen on the right side, with nausea and vomiting, is characteristic. After the painful attack is over, the patient may again become totally free of symptoms.

### EXAMINATION NECESSARY

Even a single attack of biliary colic dictates the need for a complete examination of the gall bladder.

Since gallstones may contain calcium, about 50 per cent are readily found by X-ray. Special dyes, when injected into the blood stream, or taken by mouth, become concentrated in the gall bladder. This makes

possible further diagnosis of non-calcium gallstones and inflammation of the gall bladder. Sometimes infection and inflammation of the gall bladder can cause an attack of colic even when there are no stones present.

During a severe attack of colic, treatment is concentrated on the relief of pain. Special anti-spasm medication is very effective.

### STRICT DIET

Attacks of colic can be diminished in frequency with strict adherence to a high protein, high carbohydrate and low fat diet.

Occasionally stones may remain in the gall bladder without causing the slightest discomfort. These "silent" stones are usually discovered by chance, during a routine X-ray of the stomach or the intestines.

### DECISION OF DOCTOR

At present, the only method of removing stones from the gall bladder is by surgery. The need for operation must necessarily be the decision of the physician and the surgeon. It is encouraging to know that even elderly patients, who normally are considered poor surgical risks, tolerate this operation exceedingly well.

Because the acute phase of biliary colic may temporarily disappear, there is a tendency to delay operation even when it is advised. Such delays only serve to introduce unnecessary complications to the operation should it become necessary.

**SPEAKING OF YOUR HEALTH**—The most common cause of disorders of the feet are badly fitting shoes.

These columns are designed to relieve your fears about health through a better understanding of your mind and body. All the hopeful new advances in medicine reported here are known to doctors everywhere.

Your individual medical problems should be handled by your own doctor. He knows you best.

### THE ANSWER, QUICK!

- What river did Caesar cross which committed him to war with Pompey?
- What is an Amnesty?
- Who was generally regarded as Hitler's second-in-command?
- Near what large city are the great pyramids of Giza?
- What is a Cunarder?

### YOUR FUTURE

Conditions will steady themselves and improve. Today's child will have an aptitude for mathematics, science.

For Sunday, Oct. 9: Vocation success will bring notice, promotion. Today's child would excel in sales, politics.

### WATCH YOUR LANGUAGE

**VEGETATE** — (VEJ-e-TATE) — verb; to live or grow in the manner of plant; to live in an inactive, passive or unthinking way.

### IT'S BEEN SAID

The darkest hour in the history of any young man is when he sits down to study how to get money without honestly earning it. — Horace Greeley.

### BORN TODAY

Craggy-featured tobacco-chewing ex-infielder Danny Murtaugh, 1960 National League Manager of the Year and the first man to lead the Pittsburgh Pirates to a world championship in 35 years, was born in Chester, Pa., in 1917.

His baseball beginnings were modest: sandlot games around his hometown and Class D in the Eastern Shore League in Maryland, then on to Rochester, Columbus and Houston — all Cardinal farmteams — before

being sold to Philadelphia. Uncle Sam tapped him for the infantry after a couple of seasons, and upon his discharge, Murtaugh went back to the Phillies. The Cardinals got him back, traded him to the Braves, and then it was Pittsburgh's turn.

The 1950's were a series of ups and downs for Murtaugh until, suddenly in 1957, he was offered the job of "interim" manager of the Pittsburgh Pirates. It was a slow start, but kept getting better as time went on. In 1960, the Pirates won the National League pennant, then beat the touted New York Yankees in a classic seven-game series to become world champions.

In 1964, Murtaugh moved to the Pirates' front office as an executive assistant.

Others born this day are statesman John Hay, steel magnate Elbert Gary, airlines executive Eddie Rickenbacker.

Those born Oct. 9 include authors Cervantes and Bruce Catton, banker Sidney A. Mitchell, Beattie John Lennon.

### IT HAPPENED TODAY

On this day in 1942, the first contingent of WAVES began naval training for women at Smith College, Massachusetts.

On Oct. 9, 1781, George Washington fired the first gun at the siege of Yorktown.

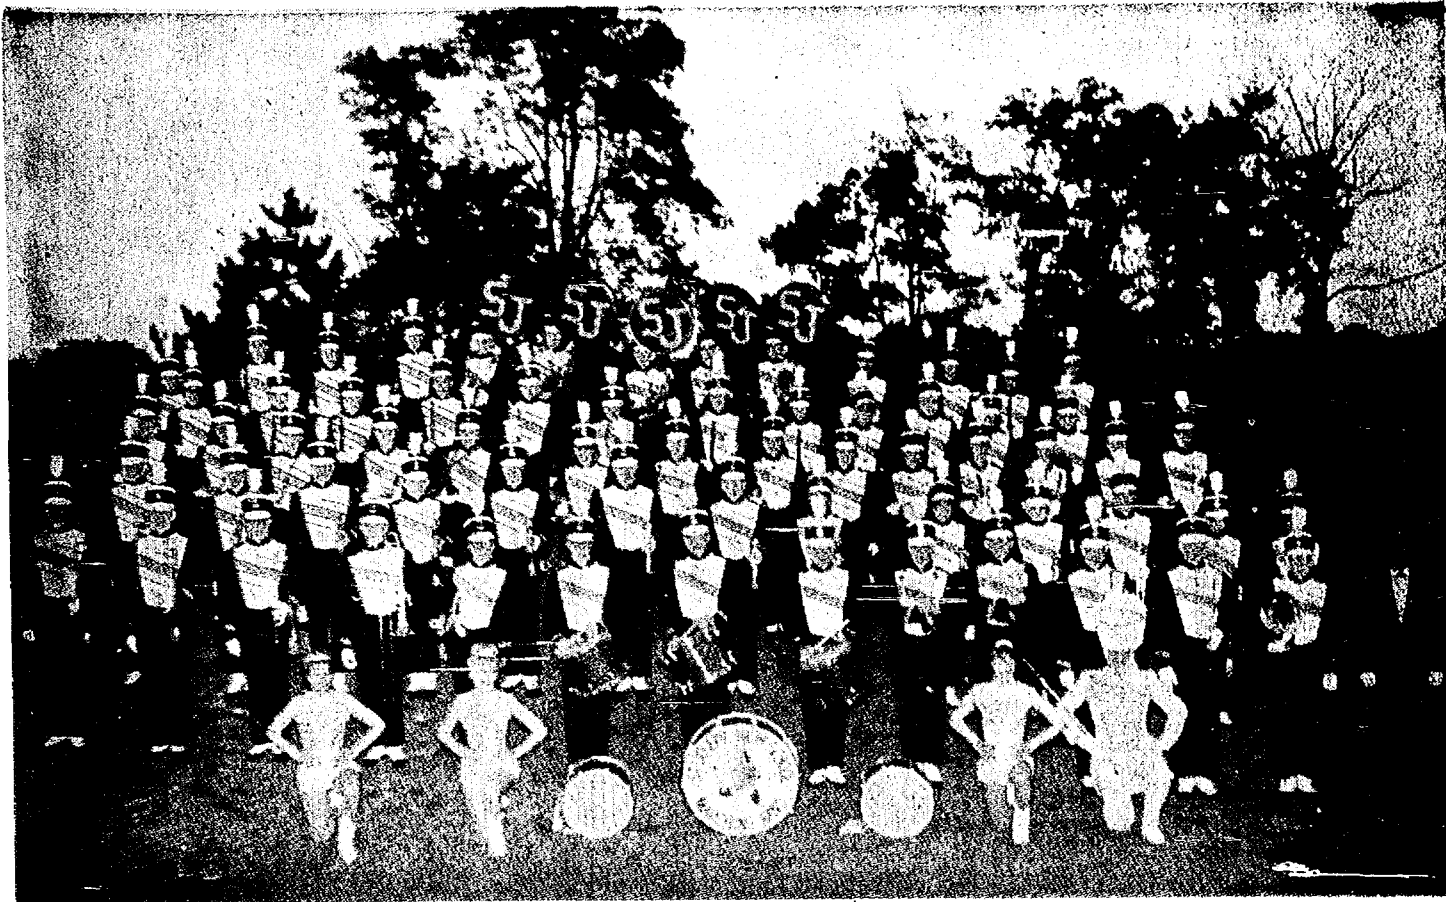

### HOW'D YOU MAKE OUT?

- The Rubicon.
- A general act of pardon for offenses against the government.
- Hermann-Goering.
- Cairo.
- An ocean liner owned by the Cunard Steamship Co.

## S. J. COMMISSION MUST DECIDE ON MOTEL

**BUSY ST. JOSEPH HIGH SCHOOL BAND:** Resplendent in bright gold and dark navy blue uniforms, the school colors, the St. Joseph High School Marching Band is making six appearances in 28 days. In the next eight days the band will have performed for halftime festivities last night, the district band festival at Buchanan Wednesday and again for the homecoming game next Friday. The 71-member group usually practices three nights a week after school and during its regular

band period. Next week the band will drill for a couple of hours Thursday when other students are off for teachers institute. Band spent week at Van Buren Youth Camp before school opened for drills. Director Robert Brown is shown at right. In front are (left to right): Drum majorettes Nancy Schuler, Pat Damschroeder, Sue Schalson and Drum Major Doug Sieb. (Color Photo by Staff Photographer Harry Smith).

### Planners Hand Over Problem

Zisook, Olipra Plans Both Called Beneficial To City  
(Picture on Page 20)

The decision of which of two motel developments will go into downtown St. Joseph was dropped on the shoulders of the city commission Friday.

The planning commission, after hearing a formal proposal by Seymour Zisook of Zisook Hotel System, Inc., voted that either plan would be beneficial to the city.

Zisook Hotel System operates the Whitcomb Hotel in St. Joseph on a 15-year lease with option to purchase. The other developer who wants to put a motel in the block bounded by Main, Ship, Court and Port streets is Andrew S. Olipra of Olipra & Associates Realty Service of Franklin Park, Ill.

#### PLANNERS POSITION

Although the city commission indicated it desired a recommendation of preference from the planning commission, the latter adopted a motion saying: "It is the opinion of the membership that the selection of one proposal over the other is a matter for the city commission to consider, as there are many other aspects of the proposals lying outside the realm of planning."

Both the proposed motel developments have related but no contingent elements outside of the block the planning commission acted upon.

#### OTHER PROJECTS

The Zisooks propose a boatel on the riverfront at the foot of State street, a convention center across Ship street from the hotel and complete renovation of the hotel itself.

Olipra plans an apartment building on the waterfront. Both developers indicated they want the block whether the other portions of their proposal are approved or not.

The commission delayed for further consideration its decision on the riverfront land. They plan to call in a representative of Barton-Aschman Associates for their next meeting at 4 p.m. Thursday.

Barton-Aschman, a consulting engineering firm, made a survey in 1961 of how the downtown St. Joseph area should be developed.

#### POSSIBLE PARK

The planning commission is seeking the firm's opinion of whether the riverfront area should be used for a park, as planned, or developed as Olipra and the Zisooks propose.

In other business, the request for a zoning change of 720 Hoyt street was tabled until the next meeting.

Maurice Bishop, who operates a barber shop in the building on the corner west of 720 Hoyt, desires to move into the house he has purchased from Fred W. Mische.

The lot is zoned "B" (double dwelling). Bishop seeks to have it changed to "C-2" (restricted office and service commercial).

Commission chairman Neil Berndt and secretary G.W. Hepler are to confer with City Atty. A.G. Preston Jr. on the request.

The city's zoning ordinance requires certain off-street parking requirements that Bishop's 47-by-34-foot lot cannot meet.

**LOST FROM UNION PIER:** This pup, which the Berrien county Humane Society estimated to be a year old, was struck by an auto near Union Pier about 10 days ago. A young couple picked him up, took him to a veterinarian and had him stitched up before bringing him to the Society's animal shelter, 641 South Crystal avenue, Benton township, according to Mrs. Jackie Ingersoll, shelter manager. The dog is dark rust and white in color, is well behaved and house broken, Mrs. Ingersoll said. His owners may claim him at the shelter where dozens of other dogs are available for adoption as pets. (Staff photo)

## ALL AROUND OUR TOWNS

**JACK** achieved an international reputation by planting beans. Ray Konrath has aroused neighborhood curiosity by planting corn and watching the stalks grow.

A tassel now extends over the Konrath home at 1380 Ogden avenue, Fairplain. The entire stalk stands 13½ feet tall. Unlike Jack, Konrath has no visions of mounting the stalk to battle a giant.

In fact, he's slightly disappointed. The seed packet said stalks would climb 16 to 20 feet, but cool weather has curtailed growth. Also, there are no ears. The plant wouldn't win an award at the Iowa State fair.

Konrath, manager of Holly's restaurant in Benton Harbor, said his wife got the novelty seeds in Chicago. Six stalks sprouted and he thinned the crop to two.

A Cassopolis man, Dick Follett, was to be up front during pre-game and half-time appearances of the University of Michigan marching band at the Michigan-Michigan State football game today in East Lansing. Follett has been named drum major replacing David Smith of Ann Arbor, sidelined by an appendectomy.

The half-time theme is visits to famous cities in the United States. The band, under the direction of William D. Revelle, has 180 members in the marching unit.

**JUEL M. RANUM**, executive director of corporate and public affairs for Whirlpool corporation, was one of the

### MSU Night For High Schoolers

High school students in the Twin Cities area interested in going to college are invited to attend "Night with MSU and Your Future" Tuesday.

The program will be held in the Whirlpool Corporation management training center on Riverview drive, Benton Harbor, according to the Berrien County Alumni chapter of the Michigan State University Alumni association, sponsor of the program.

A short color film will be followed by talks with MSU admissions officers and a panel discussion by MSU students from the Twin Cities area, according to the announcement.

**RAY KONRATH**  
No giant-killer ambitions

## STARTING ON MONDAY Community School Offers Program Of Fun, Skills

By TYRUS KNOY  
Staff Writer

The Community School, a program financed by the federal government through the Benton Harbor school district, is providing educational "enrichment" classes at Bard school beginning Monday.

Director of the program, Calvin C. Wheeler, said the classes would be held after the regular school hours and on Saturday.

As part of community school, which also includes adult education classes, the program has purchased 300 pairs of roller

skates for use in the recreation aspect. The skates were acquired from a defunct roller rink in Indiana for \$6 per pair, Wheeler said.

A privately operated skating rink on Highland avenue has been closed since August. Owner Rex Sheeley, a Benton Harbor city commissioner, cited competition from the free federal-school program as one of the reasons. The area near the skating rink was the scene of a civil disturbance Aug. 28.

The Community School program for children is generally divided into sessions for elementary students (sixth grade and below) and teenagers (seventh grade and upward).

#### ELEMENTARY CHILDREN

For the elementary groups the program is as follows:  
Monday (all sessions 3:30 to 5 p.m.)—Reading for Fun; Gr. V; Creative Dramatics; Elementary Piano; Elementary Tap Dancing; Doll Making.

Tuesday (3:30 to 5 p.m.) Arts and Crafts; Math for Fun; Elementary Piano; Junior Homemaking; (8 to 8:30 p.m.) Sunrise Singers.

Wednesday (all 3:30 to 5 p.m. classes) Reading for Fun; Painting for Fun; Mother and Daughter Knitting; Elementary Tap Dancing; Girls Cooking.

Thursday (3:30 to 5 p.m.) Girls Sewing; Elementary Piano; Fifth and Fourth grade spelling Bee; (8 to 8:30 p.m.) Sunrise Singers; (7 to 9 p.m.) Family Night.

Friday (3:30 to 5 p.m.) Girls Kickball; Boys Cooking for Fun.  
Saturday (9:30 to 11 a.m.) Stuffed Toys; Free Play; (1 to 3 p.m.) Skating.

#### OLDER PERSONS

For the students in the seventh grade and above the schedule is as follows:  
Monday, Tuesday and Thursday (all 5 to 7 p.m.) Basketball; Study Hour.

Wednesday (5 to 7 p.m.) Teen Club for grades 7-9; Study Hour; (7 to 9 p.m.) Teen Club for grades 10-11.

Thursday (7 to 9 p.m.) Family Night.

Friday (7 to 9 p.m.) Community Roller Skating for seventh graders and upwards and adults.

## B'nai B'rith Council Will Meet

Local Lodge To Host State Session Sunday

Two nationally known B'nai B'rith leaders will address the Michigan B'nai B'rith council meeting Sunday at the Vincent hotel, Benton Harbor.

Mrs. Philip (Beatrice) Feak of Detroit is the speaker for a luncheon session at 1 p.m. She is president of B'nai B'rith women's district 6 and has held several other key posts in the organization.

Dr. Leon Fellman of Omaha, Neb., third vice president of district grand lodge 6, will talk after a buffet banquet at 5 p.m. The evening events will include the awarding of a scroll to Joseph S. Caplan of Benton Harbor lodge 1272 designating him as honorary president. The local lodge is the first in the state to bestow such an honor.

More than 100 delegates from 16 lodges in Michigan are expected to register for the council sessions that begin at 10 a.m. Sunday with a series of workshops on various B'nai B'rith activities.

Out-of-town delegates who arrived tonight will be greeted at a reception at 8:30 in the home of Mr. and Mrs. Caplan, 479 Hoover drive, Fairplain.

DR. LEON FELLMAN

## Grass Fire Extinguished

Benton Harbor firemen were called to the Allie Richardson residence, 497 North Stevens street, Benton Harbor, yesterday afternoon where they extinguished a grass fire.

The fire started from a trash burner and did minor damage to the yard firemen said.

Yesterday firemen spent over 12 hours fighting a smoldering blaze at the Paw Paw avenue dump. They came in about 1 o'clock this morning and the other shift went out to the dump again about 8 o'clock this morning.

**POSTING SANCTUARY:** Conservation Officer Robert VanderRoest checks with Mrs. Robert Bradburn, chairman of the preserve, on posting "No Hunting" signs around the Lou Sarett wildlife sanctuary in Hagar township. Signs will have to be posted a minimum of 16 rods apart. Harry D. Ruhl, chief of the game division of the conservation department noted in a letter to Mrs. Bradburn that "Said lands (the sanctuary) are dedicated for the protection of game birds, game animals, nongame birds and furbearing animals as defined as Act 286, Public Acts of 1929. Hunting and trapping are prohibited." The small game season opens Monday and Audubon society members are planning on posting the area over the weekend. (Staff Photo)

**COMMUNITY SCHOOL SKATES:** Trying some of the 300 pairs of skates recently acquired by the Benton Harbor Community School program are Bard junior high students (left to right) Jesse Davis, Sharon Stovall and Clark Jones. The federally-financed program will conduct after-school and night recreation and extra educational functions for both school children and adults. The adult part of the program is now a week old and the student part of the program begins Monday, according to Calvin C. Wheeler, director. (Staff photo)

ST. JOSEPH, MICH., SATURDAY, OCTOBER 8, 1966

# Slow Tiger Start Fatal Undefeated Muskegon Rolls On, 26-12

By JIM DeLAND  
Sports Editor

MUSKEGON — Benton Harbor's Tigers quit too early last week but they started too late here Friday night.

Muskegon's three-touchdown lead in the first half proved too much for the Tigers to overcome as they fell to their fourth straight defeat of the season, 26-12, before a homecoming crowd of 6,700 at Hackley Stadium.

The victory was the 13th in a row for coach Roger Chiaverini's Muskegon team, which was rated fourth in Class A in this week's Associated Press poll.

Benton Harbor actually outscored the Big Reds 12-6 in the second half on a pair of touchdown runs by Dennis Frizzell and Cecil Young, but the gritty comeback effort was simply too little and too late.

The Tigers' fate actually was sealed during the first 12 minutes of the game when Muskegon exploited an explosive running attack to pile up 135 yards and two touchdowns, with Dan McShannock booting both conversions to give the Big Reds more points than Benton Harbor was to accumulate all night.

But this time the Tigers refused to fold, and with a better fortune their efforts might have been more fruitful on the scoreboard.

"The key play was that punt at the end of the first quarter,"

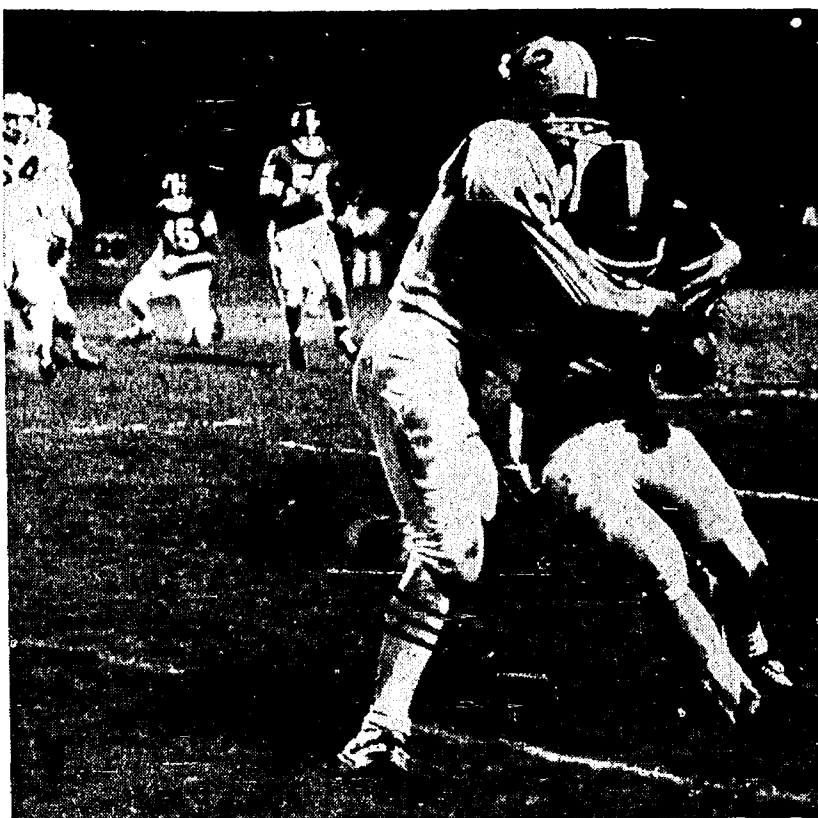

keeper play by VanderWeg. A pass interference penalty started the Tigers on their final touchdown excursion, and Scherer moved them to the Muskegon 19 with a 16-yard pass to Rich Visintainer and a 20-yard toss to Larry Allen.

Young took it from there on four straight carries, with the final run covering three yards with 1:09 left in the game.

The Tigers had one more crack at the ball after Phil Nolen recovered a fumble at the Muskegon 37 with 30 seconds remaining, but time ran out after three incomplete passes.

Even in defeat Ratcliff and his assistants had praise for defensive stalwarts like Tom Edinborough, Bob Hosner, Tom Baldwin and John Sieber, who grew more effective as the game progressed, and the Tigers' offensive line also came alive in the second half.

The victory puts Muskegon (See TIGERS, Page 14)

**TIGER HUG:** Benton Harbor defensive halfback Larry Froehlich (12) puts the clamps on Muskegon end Dan McShannock to bring him down after seven-yard gain on pass play in second quarter of Friday's game. It was the only completed pass for the Big Reds, but they rolled up 337 yards on the ground in 26-12 victory over the Tigers. (Redman photo)

# Bears Shut Out By Norrix, 19-0

By JAKE SHUBINSKI  
Staff Sports Writer

St. Joseph's Model-T offense choked and coughed for 48 minutes at Dickinson Stadium Friday night.

During that span of time, the offense made it possible for the Kalamazoo Loy Norrix Knights to earn a 19-0 Big Six victory, thereby handing the Bears their second conference loss in as many outings.

The offense is supposed to score touchdowns but for the second straight week, mistakes by the ball-moving unit made it easy for the opponent to cross the goal line.

Last week at Dowagiac, it was a blocked punt and a pass

interception that presented the Chiefs with an easy victory.

This week, a fumble and two pass interceptions gave the alert Knights three opportunities that they were quick to cash in on.

Actually there were a total of seven opportunities presented the Knights as the Bears had five passes intercepted and lost two out of three fumbles.

The five pass interceptions last night ran the season total of opponent thefts to 14 in four games. During the nine games played by the Bears in 1965, there were only nine interceptions.

Considering that St. Joseph only attempted 12 passes, the

five interceptions loom even bigger. Greg Clark tried nine times to hit his receivers. Four of the interceptions were charged to him while he was credited with five and 12-yard completions.

Mike Ott entered the game late in the fourth period with instructions to pass but was thrown for a 13-yard loss when he had to eat the ball because his receivers were covered like blankets.

That was Ott's only appearance as Dick Lindenfeld made the scene. His first effort was a

## Statistics

	Bears	Norrix

Intercepted By	5	5
Avg. Yards Punt	5.29	4.27
Yards Punt	4.29	12-100
Ball Lost On Fumbles	2	1

23-yard completion to end Don Ellis that gave the Bears a first down on the Norrix 33.

Dick Cox then gained four yards to the Norrix 29 and Lindenfeld, on the option, gained to the 26. This was the deepest penetration of the Bears into Loy Norrix' end of the field all night and ended there as Don Bridges recovered a St. Joseph fumble.

Lindenfeld tried three more passes in the last two minutes of play. One was intended for John Richter which he would have caught had not a Norrix defender knocked him to the ground about the time he reached for the ball. This cost Norrix 15 yards. Another was incomplete and a third was intercepted by Bob Ezelle.

Twice in the second quarter the Bears were able to reach the Norrix 38. On both occasions pass interceptions stopped the drives. Bob Dehaan, a tackle, grabbed the first one and Ezelle, who picked off three during the game, took the second.

St. Joseph did some pass intercepting, too. Greg Forbes got one in the early moments of the third period that just delayed the Knights' first touchdown a few seconds.

Forbes' theft took place at the St. Joe 21 but on the next play, defensive back Tom Fritz fell on a Bears' fumble at the 22.

Three plays later, Norrix scored on a 23-yard pass play from Charles Fisher to end Ken Brant with an unintentional assist from Chuck Radde. Chuck, trying to bat the ball down at the five, had it hit his fingertips and bounce into the hands of Brant.

Late in the period, the Bears had a first on their own 19 with 15 yards to go following a penalty. Clark went back to pass and the ball ended up in the hands of Jim Stevenson. Two plays later, Fisher went wide for 15 yards and a 12-0 lead.

The Bears took the kickoff and moved from their own 29 to the 46 where they were faced

# ST. JOHN'S IRISH ARE FOR REAL

## Trip Brandywine 14-7 To Prove They Deserve No. 6 Ranking

By PHIL SMITH  
Staff Sports Writer

St. John's is for real. The Irish gridders Friday night proved beyond a doubt that they deserve their No. 6 ranking among the state's smaller schools as they defeated a good class B eleven, Niles Brandywine, 14-7, before a small but vocal crowd at Filstrup Field.

After an almost even first half, the Irish completely stole the show. St. John's defenders simply rushed the Bobcats off their feet after intermission, throwing them for a net of minus 44 yards rushing and allowing just one pass completion for a loss of five yards.

And the play which set up St. John's winning touchdown was a real dilly. Wingback Terry Mandarin took the ball on a reverse and threw downfield to end Bill Flood who was in the clear at the Brandywine 10, but was hauled down from behind at the two. Quarterback Mark Cole then scored two plays later on a one-yard sneak and Ed Irvin hooted his second perfect PAT.

Irish coach Dave Zegunis had tried out the pass off the reverse for the first time on Tuesday in a scrimmage against St. Joseph. It went for a big gain, and clicked again for 47 yards the first time St. John's tried it against Brandywine. But the Bobcats recovered a fumble on the next play to nullify the big gain.

The Irish appeared to be stalled with a third and 13 at the Brandywine 32 when the big play occurred midway in the fourth quarter. "That won the game for us," said Zegunis, but it was only part of the story.

For the Irish defense, led by Ed Polstin and Lyle Ott, just never gave Brandywine a chance to get moving in the second half. Brandywine made only two first downs after intermission, and both came as the result of penalties. The Bobcats gained yardage on only five plays, and were thrown for losses 12 times.

The Bobcats couldn't even capitalize on a golden scoring opportunity when they blocked Tom Phelan's punt and took over on the St. John's 29 late in the final period.

Three plays later, they were back at the Irish 38, and on fourth down they fumbled the ball away.

Things hadn't looked so good for the Irish in the first half.

Brandywine, after fumbling away one scoring opportunity after reaching the Irish 26, got on the scoreboard early in the second quarter.

The Bobcats took over on the Irish 49 and scored in just six plays. The big one came when quarterback Jack Schoff chased far back on a pass attempt, managed to reverse his field, pick up blockers and turn the broken play into a 15-yard gain to the Irish 18.

On the next play, Schoff went up the middle for 15 more

yards, and fullback Jim Johnson carried the ball over in two smashes at the line, the second from one yard out. Lester Forbes then kicked the extra point.

Irish rushing leader Bill Flood carried the ball 47 yards for a touchdown.

## Statistics

	St. John's	Brandywine
First Downs	9	7
Net Yards Gained	182	25
By Rushing	96	18
By Passing	86	7
Passes Attempted	7	8
Completed	3	2
Intercepted	0	0
Avg. Yards Punt	61.8	\$35.2
Yards Punt	70	31
Ball Lost On Fumbles	2	3

Irish rushing leader Bill Flood carried the ball 47 yards for a touchdown. Webster was having his problems in the first period, so Portus Webster was given a chance at Bobcat's position and led the Irish on a 63-yard touchdown march after the ensuing kickoff.

Webster darted for 40 yards in eight carries and Mandarin got nine important yards on a reverse, but the Irish still wouldn't have scored without some help from Brandywine.

On fourth down at the Bobcat 11, Cole's pass into the end zone was way over Flood's head, but Brandywine was called for pass interference, giving the Irish a first down at the five.

Three plays later Bowie returned to the lineup to score

from two yards out and Irvin booted the tying point.

The touchdown apparently gave the Irish the lift they needed. Brandywine lost seven yards on its final series of plays before halftime.

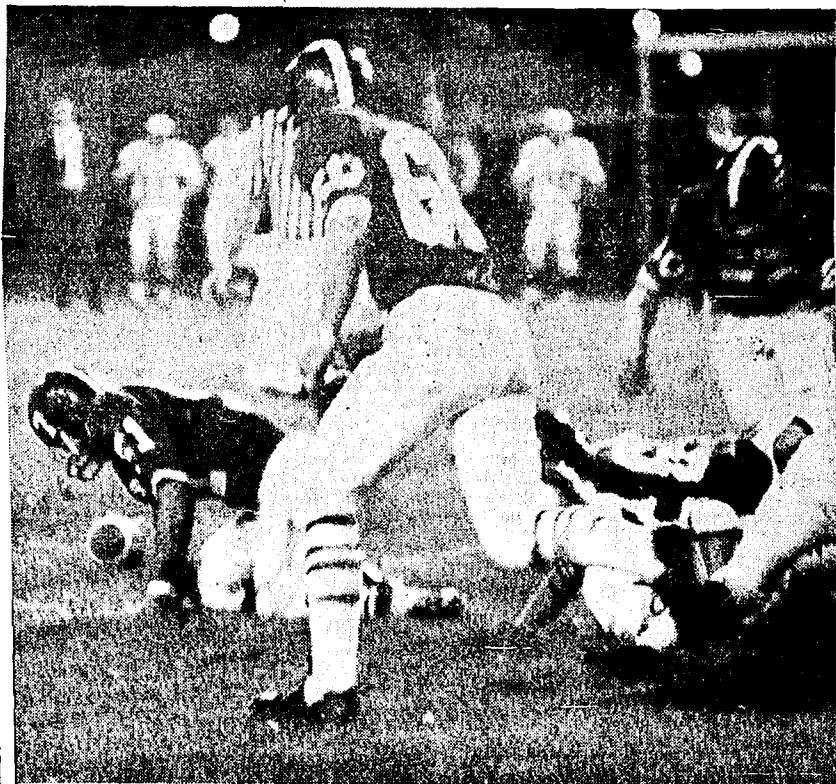

"Up until we scored the defense just wasn't doing the job," said Zegunis. "I didn't say anything special to the boys at halftime, but they knew they would have to do better."

Zegunis refused to pick out standouts on the Irish defensive squad, saying "everybody was terrific" as he was drying off after being thrown in the shower along with assistant coach Bernie Beland.

Tackle Polstin nailed Bobcat backs on several occasions, and Ott recovered two fumbles. Irish Cozzolino also recovered a Bobcat fumble.

Although Brandywine was penalized only 31 yards to 70 for St. John's, the infractions came at critical times for the Bobcats. In addition to the pass interference play, one penalty killed a 33-yard pass play to the Irish 17, and another nullified a Bobcat recovery of a fumbled punt at the Irish 26.

St. John's played most of the second half without fullback John McDonald, who was ejected

**IRISH FUMBLE RECOVERY**—St. John's tackle Rick Cozzolino (51) falls on loose ball at Irish 39 to halt Brandywine after the Bobcats had taken over on a blocked punt late in Friday night's game. The sixth-ranked Irish won 14-7 for their fourth straight victory of the season. Coming up to help Cozzolino is Wayne Demchinski (60). (Staff photo)

# Watervliet Runs Wild For 3rd Straight Win

NEW BUFFALO—Watervliet's comeback drive shifted into high gear Friday with a 46-0 shelling of New Buffalo in a Red Arrow tilt.

Coach Jerry Barchetti's Panthers have now won three straight after ending a 10-game losing streak which included only 18 points during all of last year.

Friday's scoring total was the highest for Watervliet since a 56-6 thumping of Decatur 23 games ago in 1963. After that big win, the Panthers went undefeated the following season for a No. 2 ranking in the final Class C-D poll.

Halfbacks Bob Koshar and Jim Kolenko led Watervliet scorers Friday with two touchdowns each as the Panthers rolled up 349 yards rushing. New Buffalo was held to a total

of 37 yards, all on the ground. Koshar scored Watervliet's second and fourth touchdowns on runs of four and 18 yards. Kolenko went five yards for the Panthers' third TD and 18 yards for their last tally during a 21-point fourth period.

Other Watervliet touchdowns came on a three-yard run by Ralph Yarborough, a one-yard run by Dave Johnson and a 17-yard run by Dennis Camp.

Watervliet got four extra points on passes. Johnson threw three with John Rogel, Dick Woodruff and Bill Ishmael on

the receiving end, while Julian Fotre hit Camp for the other.

Watervliet is now 3-1 in the Red Arrow loop after losing its opener to St. Joe Catholic 13-2. New Buffalo is winless in four tries.

The score by quarters:

Watervliet 7 12 6 21—46

New Buffalo 0 0 0 0—0

Touchdowns: Watervliet—Koshar (2), Kolenko (2), Yarborough, Johnson, Camp.

PAT: Watervliet—Camp, Rogel, Woodruff, Ishmael.

## Tiger JVs Lose First

MUSKEGON — Benton Harbor's junior varsity fell to its

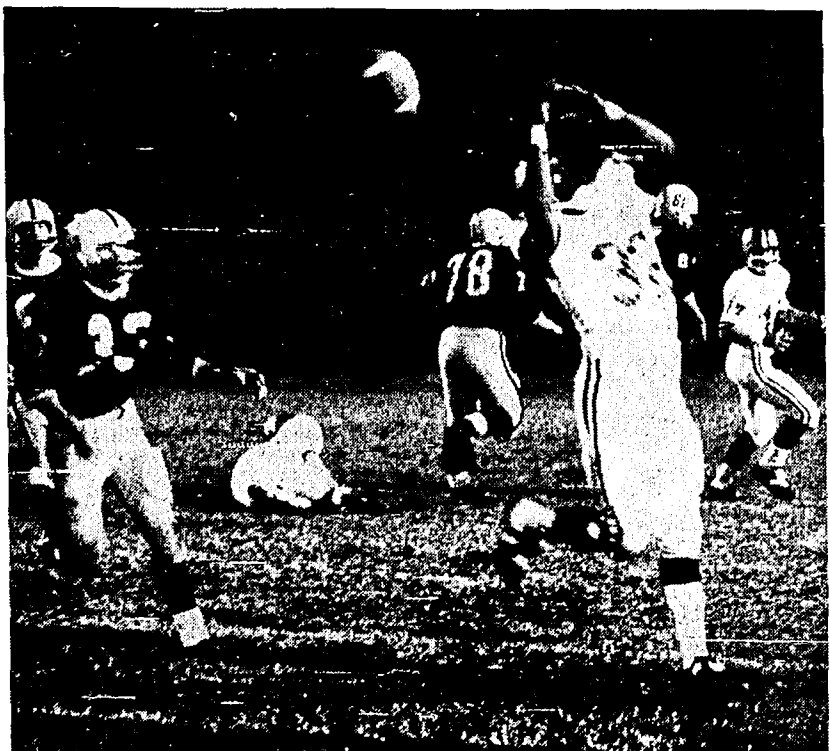

first defeat of the season with a resounding thud here Friday afternoon, as Muskegon's jayvees dropped the Tigers in a 33-7 decision.

Coach Les Buteriet's Tiger Cubs were out of contention by the end of the first half, and the Little Reds piled up a 32-0 lead in the first two periods and coasted the rest of the way to

their fourth straight triumph.

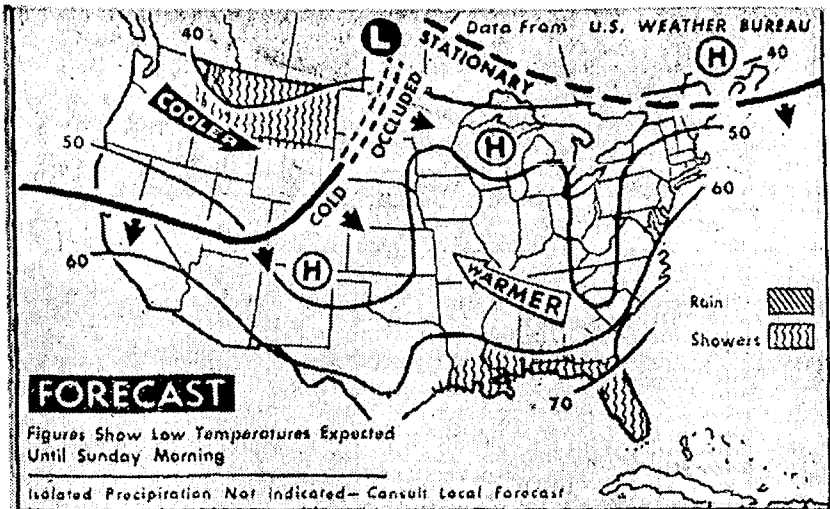

Benton Harbor's lone touchdown came in sensational style, however, with halfback Dave Machemer racing 96 yards around end in the fourth quarter with the help of a key block by John Baker. Louis Cooks ran the conversion for the final Harbor point.

Benton Harbor, now 2-1 for the season, returns to Filstrup Field Friday to host Kalamazoo Central in a 4:00 p.m. contest.

**ONE THEY DIDN'T GET:** Loy Norrix's Bob Ezelle (32) just missed intercepting this St. Joseph pass . . . and St. Joseph's Dick Cox (33) didn't get there in time to make it a completion, either, as the Bears tried to move the ball via the air route during Friday night's game at Dickinson Stadium. No. 78 is the Bears, Steve Machacek. (Staff photo)

# NEWS OF MARKETS

## Apples Are Main Item On Market

Apples will be the main commodity on the Benton Harbor market during the week ahead, accompanied by a waning supply of grapes and tomatoes.

Many tomato patches were frosted in the past week, but supplies of this item will come from the packing sheds most of next week. Not all fields were frozen, growers reported, particularly those on high ground.

The apple harvest is on at full pace, with a shortage of pickers bothering the growers.

Friday's trading on the market produced a very small amount of enthusiasm. Offerings added up to only 12,037 packages of all commodities.

Thirteen day buyers were on hand, and 236 growers loads were checked in through the gates.

Prices paid on Friday were:

APPLES: bu., US 1, McIntosh, 24-inch-up, few, \$2.25; Cortland, \$2.35; carload, 10-4 bags, US Fancy, McIntosh, 24-inch-up, \$2.35; Jonathan, \$2.15 to \$2.65; Red Delicious, 24-inch-up, \$3.60; open bushel, Unclassified, Jonathan, \$1.35 to \$2, mostly \$1.60 to \$1.85 for good color; Red Delicious, \$2.25 to \$3.50; McIntosh, \$1.35 to \$1.75; Cortland, few \$1.50; Golden Delicious, \$1.50 to \$2; Grimes Golden, \$1.25 to \$1.50; Winter Banana, one lot \$2; King, \$1.50. Receipts: 5,685.

GRAPES: Concord, Mich. Fancy Table, 8-basket crate, \$2.50 to \$3.75, depending on quality; Mich. 2, 12-qt. basket, 85c to \$1.05, mostly \$1. Receipts: 2,183.

TOMATOES: Mich. 1, 8-qt. carton, 75c to \$1.25, mostly \$1; 8-basket crate, \$2 to \$2.50; Unclassified, 12-qt. basket, 90c to \$1.15; cherry tomato, 12-pt. flat, \$2.25. Receipts: 2,262.

CATFLOWER: crate, 12 heads \$3.

EGGPLANT: open bushel, 120c. Receipts: 28.

PEARS: 4-bu. crate, US 1, Bosc, 24-inch-up, one lot \$2.50; open bushel, Unclassified, Bosc, \$2.25 to \$2.50; Kieffer, \$1.50 to \$2. Receipts: 135.

SQUASH: bu., Acorn, few \$2; 8-qt. carton, Zucchini, \$1. Receipts: 188.

## Today's Weather Map

NEW YORK—Showers are in sight Saturday night for the northern Plateau region, Florida and the Gulf Coast. It will be cooler over the northern Plateau and along the north Pacific coast. (AP Wirephoto Map)

## Site For Water Plant 'Available'

NEW BUFFALO — City officials report progress is being made in securing a new water facility for the city of New Buffalo.

Land owned by Peter Kerhulas, local 1 at the extreme west end of Water street in Sunset Shores, believed to be well suited for the purpose, is available. The exact dimensions of the land will be determined by surveyors and an option will be discussed at the meeting of the water board, Oct. 17.

Contracts for the new lake intake project have already been awarded pending sale of the general obligation bonds. Luedtke Engineering Co., Frankfort, Mich., received the contract for the marine work for \$226,680 and Layne Northern Co., Inc., Mishawaka, Ind., received the contract for the pumping station and land work for \$107,082.

Mayor Albert C. Mayer said if the federal aid applied for through the Farm Home administration, asking for 50 per cent of the total cost of the project, is received, residents' water rates will remain the same. However, if no federal aid is received, the rates could raise as much as 80 per cent. The present minimum water rate is \$3.50 for every 6,000 gallons of water used. Residents are billed every other month.

The total cost of the water project is \$750,000. It is expected to be completed by the end of June, 1967.

## Credit Union Moves To New Offices

The Twin Cities Municipal Federal Credit Union has moved to new offices in room 205 of the Fidelity building in Benton Harbor. Former location was Benton Harbor city hall where the credit union operated since it was organized in 1953.

Fred Peppel, credit union president, said hours at the new office are 10 a. m. to 5 p. m. Monday through Friday.

Once composed of only Benton Harbor municipal employees, the credit union has expanded to include St. Joseph city, Benton and St. Joseph township and Berrien county workers. Membership now stands at 550 and assets have climbed from \$185,000 to \$250,000 since expansion to the other municipalities.

Employees of other municipal units in the county also are eligible to join. Niles is excluded because it has its own credit union.

## Young Father Makes Plans For Investment Program

By SAM SHULSKY

Q. I am 22, married, with a child, and have recently begun teaching, earning \$5,500. I also own some land bringing in \$2,000 to \$3,000 and inherited about \$10,000 in savings bonds—mostly Es, some Is. I have life insurance and have been considering some investment program, keeping the savings bonds which have not matured, and investing the proceeds of the others in mutual funds or growth stocks.

A. \$10,000 makes a generous emergency fund for a young family. If it makes you comfortable, keep it intact and use the land income to invest in securities. If you decide to reduce the savings bond stake, I wouldn't be too concerned whether a bond had matured or not. All II bonds are still paying interest and all E bonds are still growing.

The question of which bonds you should sell should be determined by whether you want a taxable semi-annual check from the H bonds or want to keep your money growing in E bonds with the accrual tax-deferred.

As between investing directly in growth stocks or via a growth-type mutual fund, no decision. Either or both would do. I'm sending you a list of

growth stocks and some background information on the mutuals.

Q. I am paying \$35 a month to an insurance company. At age 65 I am told I will receive about \$9,000 cash. Now a stock broker tells me this insurance company is no good.

A. A local life insurance company should be checked out locally, with your banker and with your state insurance commissioner. The broker may know what he's talking about. Then again he may be attempting to discourage you in hope of getting your business.

Q. I'm 10 years old, in the fifth grade, and have saved some money to buy stock. How do I go about it?

A. "Some money" is rather indefinite. Brokerage houses are generally not geared to invest \$10 or \$20. If it's a hundred or two, or more, you could ask your father or mother to accompany you to a brokerage office and talk things over with a registered representative, or customer's man.

You'll need an adult with you because brokers are not inclined to put stock in the name of minors, or to execute orders for them.

(Shulsky welcomes all reader mail and tries to include all problems of general interest in the column. While he cannot undertake to answer all queries personally, readers desiring investment lists should address requests to Sam Shulsky enclosing self-addressed, stamped envelope care of this newspaper.)

## LOCAL FORECAST

(By U. S. Weather Bureau at Detroit for this area of the Michigan fruit belt.)

By Associated Press  
Southeast and Southwest Lower Michigan — Sunny and warmer today. Highs 74 to 82. Fair and slightly warmer tonight. Lows 48 to 56. Sunday mostly sunny and continued warm. Highs 76 to 84. ## South Haven Council Kills Garbage Bid

SOUTH HAVEN — Members of the city council met briefly yesterday afternoon to take a second look at a bid for city garbage collection from Fred Williams of Covert.

Williams was a lone bidder at Monday night's meeting and offered to haul away city garbage and trash at a cost of \$52,800 a year. The council tabled action because the bid price more than doubled the present cost of garbage collection.

Mayor Glenn Sperry last night revealed that two or three other firms were interested in bidding for the work.

On the basis of Sperry's report, the council voted to reject Williams' bid and ask for new bids to be opened at another special meeting Monday night.

The council also voted to purchase a Hough front-end loader from Wolverine Equipment Co. of Grand Rapids for \$16,095. The bid was the lowest meeting all specifications, Harris said.

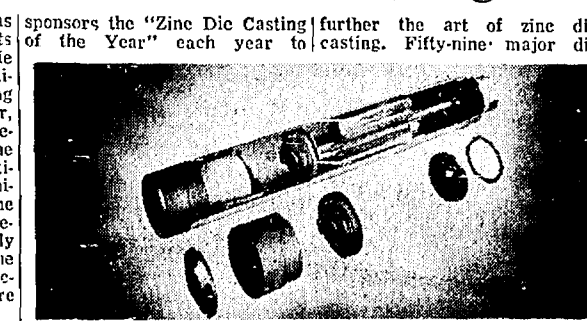

## SCAVENGER HUNT

NEW BUFFALO — Miss Elsie Klapperich, home economics teacher at New Buffalo high school, has announced that the New Buffalo chapter of the Future Home Makers of America, will sponsor a scavenger hunt Oct. 12 as part of the initiation of new officers and members.

## Paramount Die Casting Co. Cited

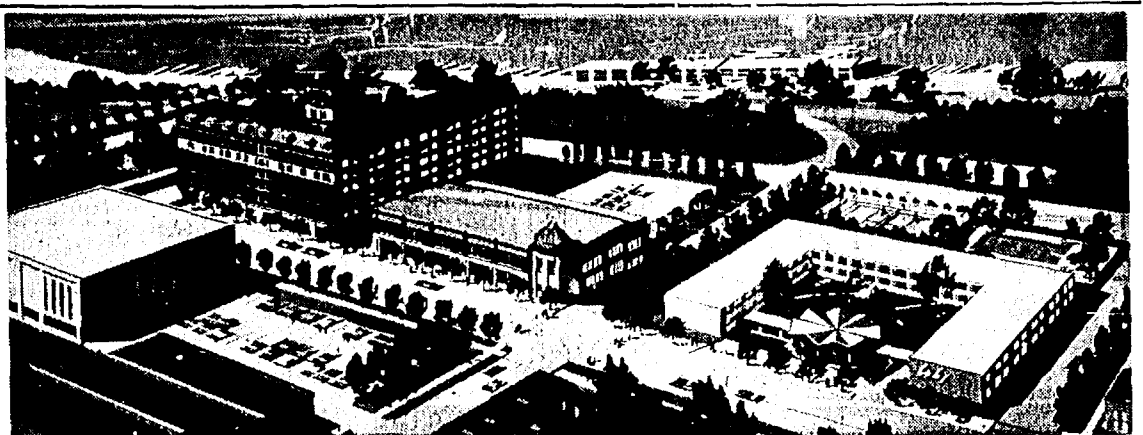

The New Jersey Zinc Co. has awarded the grand prize in its 1966 International "Zinc Die Casting of the Year" competition to Paramount Die Casting Co. and its chief engineer, Kenneth Fox. The award presentation was made at the American Die Casting Institute's annual banquet in Chicago, recently and is for the design and production of a five-piece zinc die cast assembly used in a "sonobuoy." The sonobuoy is an expendable electronic antisubmarine warfare detection device.

The judges, experts in the die casting field, chose the grand prize winner on the basis of originality and uniqueness of application, utilization of the special properties of zinc, overall production economy accomplished by the design, and significance in setting new trends in the use of zinc die casting.

SECTIONED SUB-ASSEMBLY of a sonobuoy, an antisubmarine warfare detection device, which is dropped from aircraft flying at speeds up to 250 knots and at altitudes up to 10,000 feet. It must operate perfectly in the air, at the ocean's surface and in its depths. Vital parts of the sonobuoy are the five die cast zinc parts produced by Paramount Die Casting Company for Sparton Electronics Division of Sparton Corporation, Jackson, Michigan.

WASHINGTON (AP)—Negotiations between General Electric Corp. and electrical workers have recessed for the week-end without reported progress toward settling a dispute which threatens a strike against the major defense supplier.

ZISOOK PROPOSAL: Architect's sketch shows four elements of proposal for downtown St. Joseph offered by Zisook Hotel System, Inc., of Chicago. Lower right is motel at Main and Ship streets with underground parking, covered swimming pool and tennis court-ice skating rink combination. Far left, across Ship street from Whitcomb Hotel, is convention center in air space over city parking lot. On riverfront is motel with 30 to 40 units. Whitcomb would be completely renovated. (Story on page 3)

## Two Killed In Crash At Holland

HOLLAND (AP) — A two-vehicle, head-on crash a mile south of here on U.S. 31 took the lives of two West Michigan residents Friday night. The victims were Edward W. Cooper, 22, of Douglas, and Frieda Skinner, 22, of Fennville.

## Walks Into Thin Air At BH Hotel

Melvin Hanson, 48, Detroit, sustained back injuries last night when he fell one floor through an elevator shaft at the Hornack hotel, 209 Territorial road, Benton Harbor police reported.

Police said witnesses told them Hanson stepped into the open shaft on the first floor and fell to the basement. He had thought the elevator was at the first floor when actually it was at a higher level. Hanson was reported in fair condition this morning at Mercy hospital.

## Mercy Hospital

ADMISSIONS  
Patients admitted to Mercy hospital during the past 24 hours were:

Benton Harbor — Patricia Boone, 399 Felton; Deborah Matthews, 1135 Pearl; Mrs. Olga Hirsch, 479 Kubick; Victor Tava, 961 Paw Paw; Mrs. Charles Laurie, Mary's apartment; Mrs. Ellen Barnes, 875 Milo; Jack Lybrook, 756 Columbus.

Will Address Area Training Association

"Training - European Style" will be the topic when Duncan C. Mountford addresses the Michigan Training Association at LaPorte, Ind., on Monday night. The meeting will be held in the Rumley hotel at 6:30 p.m. Mountford will be accompanied by Francis DeMonredon of France.

Mountford came to this country from England. He is vice president of Steel Industries, Inc. at Crawfordsville, Ind. Prior to that he was employed by Rolls Royce in England.

Anyone interested in training and personnel development is invited to attend the meeting. For further information contact Vincent Miller, Whirlpool Corporation.

Offer Advanced Biology Study At Andrews U.

BERRIEN SPRINGS — The biology department at Andrews University now offers an advanced study program in the biological sciences. The program includes research projects in the fields of amino acids, mammalian chromosomes, animal behavior and the study of fossils.

Eight faculty members from the Seventh-day Adventist geoscience research institute and the biology department are working jointly on the program.

## Expect GI Death Toll Of 5,000

From Associated Press  
More than 5,000 U.S. service men may be killed in Viet Nam this year, as American forces take a bigger part in the war. Between last Jan. 1 and last week, 3,765 Americans have been killed in Viet Nam, including 91 during the week ended last Saturday. Records show that 6,944 South Vietnamese had been killed in the nine-month period, including 87 during the week ended last Saturday.

As the U.S. forces take a bigger part in the war, both their death toll and its percentage in relation to Vietnamese losses have climbed. American losses through last weekend were 54 per cent of the Vietnamese deaths. And they have been at 58 per cent since June 30.

Records also show that more than 22,000 American troops have been wounded in action since the year began.

## B.H. Youths Hurt In Crash

Two Benton Harbor youths were treated at Mercy hospital for cuts and abrasions and then released last night following a traffic accident at Highland and Hull avenues, according to Benton Harbor police.

Officers said a car driven by Jack A. Smith, 20, of 471 North Winans street, went out of control as the car passed through the intersection and broke off a utility pole before striking a tree in Hall park. Also injured was Frederick Block, 18, of 1071 Hall street, Benton Harbor.

Smith was issued a summons for reckless driving.

## Centennial

THREE OAKS — The Three Oaks Centennial Planning committee will meet at 8 p.m. Monday in the Three Oaks township hall. All interested persons are invited to attend.

ADDITIONAL LEGALS PAGE 21

"And when it becomes an oak, God only knoweth what it will amount to." Thus did Sir Walter Mildmay explain to Queen Elizabeth his absence from court. The acorn was Emmanuel College, at Cambridge, which he had founded.

And today we know what it amounted to. Emmanuel's graduates came to America, founded Harvard, Yale, a dozen other colleges.

Few of us are Mildmays. Few of us can found a college. Most of us can help keep one going.

Give to the college of your choice.
